### A Grateful Sinner's Quest for Harmony

As I, a sinner, lie afraid  
Awake in this dark night  
Farther than lightyears I have strayed  
From the only holy light

I make a solitary choice  
To permanently change my life;  
I set myself en route to you  
And you end my looming strife

I believe in the miracles,  
See so many dreams come true  
But when all I need is inner peace  
I have come to trust in you

You give me such a peace  
Infinities greater than sleep

Jehovah Shalom's will  
To help me find my rest  
He will keep me tranquil  
Remind me I am blessed

You send me a merciful call  
That leads me to the eye of the storm  
I hear a promise—to defend my soul,  
And make my body sheltered and warm

So in my now unwavering faith  
To anxiety I am unbound  
For your word does; and always will say  
My mind is made to be sound

No worries have their hold on me  
By your power I am free

Amen.
